

Anaesthetist - Ipswich - United Kingdom
Submitted on: 28 October 2017, Reference number: 2017195
End date: 28 January 2018

Location:

Ipswich is a town in the east of the United Kingdom at the mouth of the Orwell River. The city has about 135,000 inhabitants. It is one of the oldest cities in the United Kingdom and this is also reflected in the buildings and ambience of the city center. The city is also known for the amount of artists and galleries it has. The city is easily accessible as it is on the A14 and A12. It also has a train station and a small airport.

The hospital is one of the largest hospitals in the region. It provides healthcare to about 330000 people. The hospital has 552 beds and there are about 3500 people working in the hospital.

Job Description:

For a healthcare provider in the UK we are currently looking for an Anaesthetist for a full-time, permanent position.

The Anaesthesia Department consists of 37 physicians with specializations in intensive care and chronic pain management. At the moment there are also working 13 residents-in training and other support staff at the department.

At present, the healthcare provider is looking for two anaesthetists, You can expect a mixed work week with urological surgery, spinal surgery and other surgical sessions. You will also have to work on weekends and there is a call-to-call schedule that is divided between the Intensive Care Department and the Anaesthesia Department.

The healthcare provider provides attractive working conditions with a salary of 76000 and 103000 pounds a year. They also offer training and reimbursement for these training sessions. It is a challenging job in a modern environment.

The vacancy expires 28 January 2018.
