

## Anaesthetist – Auckland – New Zealand

Submitted on: 20/05/2018, Reference number: 2018102

End date: 20/08/2018

### Location:

The city of Auckland is located in the northern part of the Northern Island of New Zealand. It is one of the most densely populated areas in New Zealand with about 500,000 inhabitants. Many wine regions, beautiful beaches, pristine rain forests and the Hauraki Gulf, surround the city. Auckland has a mild maritime climate with temperatures fluctuating from 11 degrees in the winter and 20 degrees in the summer. Auckland does have one of the highest sunshine hours in New Zealand, with more than 2000 hours of sun per year. Auckland was recently rated as the third best place to live in the world.

### Job Description:

On behalf of a hospital in New Zealand, we are looking for an anaesthetist for a full-time, permanent position.

This position is offered on behalf of an academic hospital that offers secondary, tertiary and quaternary healthcare. The department of Anaesthesiology and Perioperative Medicine provides anaesthetic and peri-operative services to a wide range of surgical departments including, neurosurgery, urology, trauma, orthopaedics, vascular surgery, transplantation surgery and interventional radiology. Further the department runs an acute and chronic pain service.

This department is involved in research, including ultrasonic applications in anaesthesia, techniques for bariatric surgery, preoperative assessment and testing, anaesthesia depth and team dynamics in the OR.

The hospital provides a sound educational program and plays a key role in the ANZCA exam process, so there is opportunity to be involved in the training of your colleagues. Involvement in obstetric and day-stay anaesthesia is expected from the successful candidate.

For this position you need to possess excellent communicational, social, management, leadership and administrative skills. You must also be able to work effectively and efficiently in a team and to be experienced in your profession.

Clinical Anaesthetic experience within the aforementioned departments is preferred. Furthermore, the department has a very strong clinical base and wants to develop broader interests in peri-operative medicine and quality assurance. Therefore, experience in these areas can be of benefit.

In addition to attractive primary and secondary employment conditions, the employer offers support for your move to New Zealand.

This vacancy expires on 20 August 2018.
